

Children's Crisis Stabilization Referral Form

Inside Out Wellness and Advocacy serves individuals 5 through 17 years of age and older who are in a crisis, do not meet criteria for inpatient psychiatric services and need further stabilization. They must be screened by a provider prior to admission. This is a voluntary program that does not accept court ordered patients.

If you would like to make a referral, please call the center at 515-642-7070 to ensure availability. After calling, thoroughly complete and fax the following form to 515-666-4340

To be considered, the checklist on the last page must be completed by the client's guardian for staff to consider the referral. The following criteria may prohibit consideration of admission to Inside Out Wellness and Advocacy Crisis Center:

- Pending arrest or warrant
- Evaluated and determined that inpatient psychiatric care is needed
- Acute medical needs
- Elevated risk of violence
- Non medication compliant
- Needing assistance with day-to-day activities
- Offender listed on the sex offender registry
